Otter had been struggling with tears; he hid his face. "Yes," he said, "thanks." He watched the staff that stood on the shining floor. In a little while he saw it quiver very. He stood there for a while, bewildered. It seemed to him that it was not by his own act or child appeared from under a bush where he had been asleep and trailed after the ewe, of whom he. In about 650, the sisters Elehal and Yahan of Roke, Medra the Finder, and other people of the Hand founded a school on Roke as a center where they might gather and share knowledge, clarify the disciplines, and exert ethical control over the practices of wizardry. With the Hand as its agent on other islands, the school's reputation and influence grew rapidly. The mage Teriel of Havnor, perceiving the school as a threat to the uncontrolled individual power of the mages, came with a great fleet to destroy it. He was destroyed, and his fleet scattered...it into a House they knew. Some of them were for turning back, then. But the Windkey and the the body but only the King. Only he can read what is written." "Take me there," he said, trying to control himself, but so violently compelling Otter. "They show me what I should do," Irioth said, "and who I am. They know my name. But they never say. Again he paused. All at once he looked straight at Otter, who froze in terror thinking the wizard had caught him watching his mind. Gelluk stared at him a while with that curious half-keen, half-unseeing gaze, smiling. "Little Medra!" he said, as if just discovering he was there. He patted Otter's shoulder. "I know you have the gift of finding what's hidden. Quite a great gift, were it suitably trained. Have no fear, my son. I know why you led my servants only to the little lode, playing and delaying. But now that I've come, you serve me, and have nothing to be afraid of. And there's no use trying to conceal anything from me, is there? The wise child loves his father and obeys him, and the father rewards him as he deserves." He leaned very close, as he liked to do, and said gently, confidentially, "I'm sure you can find the great lode." They were both shy. When Medra took her hand his hand shook, and Ember, whose name was Elehal, turned away scowling. Then she touched his hand very lightly. When he stroked the sleek black flow of her hair she seemed only to endure his touch, and he stopped. When he tried to embrace her she was stiff, rejecting him. Then she turned and, fierce, hasty, awkward, seized him in her arms. It wasn't the first night, nor the first nights, they passed together that gave either of them much pleasure or ease. But they learned from each other, and came through shame and fear into passion. Then their long days in the silence of the woods and their long, starlit nights were joy to them. "Very good, very good, Medra," said the wizard. "You may call me Father." He had made a little heap of bits of eggshell on the ground by his knee. He arranged the white fragments into a curve, then closed it into a circle. "Yes," he said, studying his eggshells, then, scratching up the earth a bit, he neatly and delicately buried them. He dusted off his hands. Again his glance flicked to Irian and away. The girl nodded, looking at Tern, then at Crow. She was thirteen or fourteen, heavysset though thin, with a sullen, steady gaze. "You're going to Roke to find out," he said, raising his glass to her. After a moment she raised hers and smiled at him, a smile so tender and radiant that he said spontaneously, "And may what you find be all you seek!" mouth, turning blue, and collapsing in a heap. Medra knew only a hint of this story from Ember. One night Veil, who was three years older than Ember and to whom the memory was much clearer, told it to him fully. Ember sat with them, listening in silence. Rose watched her. She knew she did not know who Man was or what she might be. A big, strong.
