They began again, climbing faster than ever, but in another hour the bottom of the moon had already. In this, the twenty-third volume in a series, I have continued the practice begun in number 22 of including non-fiction material from F&SF's regular departments. The aim is to provide readers of these anthologies with something like a very good and very big issue of the magazine. Thus we offer a fascinating article by Joanna Russ on the pain of reviewing sf books, Baird Searles on "multiples" in sf films, Isaac Asimov on cloning, and a sampling from our competitions. It was painful to leave the mystery for later, but there was nothing to be done about it. They could not bring themselves to uproot the thing, even when five more like it sprouted in the graveyard. There was a new consensus among them to leave the Martian plants and animals alone. Like nervous atheists, most of them didn't believe Song's theories but had an uneasy feeling of trespassing when they went through the gardens. They felt subconsciously that it might be better to leave them alone in case they turned out to be private property. "It turns," Lang said quietly. "That's why Song noticed it She came by here one day and it was in a different position than it had been." "Yeah. I broke my own rule. But so did you two. Consider your-. I showed him my ID. Then came the examination, the removal to the hospital, the tests. I chuckled and sat on the edge of the bed. "You may be right." Barry popped the tops off two beer cans and Madeline swept an accumulation of books and papers. tossed it on the back of a chair. When the gag came off, the story came out, and the part of the story the jailor had slept through the. ROCKY MOUNTAIN. Consider the fertilized egg again. Every time it divides and redi-vides, the new cells that form inherit the same genetic equipment possessed by the original fertilized egg. That stopped me for a minute, but I'm not sure why. I must've had a mental picture of Charles Laughton riding those bells or Igor stealing that brain from the laboratory. "He's good-looking and he's a hunchback?". The King shook his fist at the blue and cloudless sky. "I knew all along that fucking Organizer was." "Not at all" I said and his eyes cleared. "What kind of stories do you write?". The couple rose in unison and greeted her with cries of "Maggie!" and "Son of a gun!" It was impossible for Barry, sitting so nearby and having no one to talk to himself, to avoid eavesdropping on their conversation, which concerned (no doubt as a rebuke to his ignorance) Irina Khokolovna's latest superb release from Deutsche Grammophon. She was at her best in Schumann, her Wolf was comme ci, comme fa. Even so, Khokolovna's Wolf was miles ahead of Adriana Motta's, or even Gwyneth Batterham's, who, for all her real intelligence, was developing a distinct wobble in her upper register. Barry's chair just sat there, glued to the spot, while they nattered knowledgeably on. He wished he were home watching Willy Marx? or anywhere but Partyland. prism into blues and yellows and reds, As they looked, Jack sighed. "These are the colors of the Far. My initial spasm of panic passed as I realized she was wearing an exercise jacket and shorts and only. She stopped in midstride with her leg in the air. She held the position a few moments, then slowly. you. Next week is the Senator's birthday. Mandy will be asking you to take her shopping for a gift." She. At the same time, Fm afraid that his rage will get us into extremely serious trouble. The Sreen have already demonstrated their awesome power through the ease with which they located and intercepted us just outside the orbit of Neptune. Their vessel is incomprehensible, a drupelet-cluster of a construct which seems to move in casual defiance of every law of physics, half in normal space, half in elsewhere space. It is an enormous piece of hardware, this Sreen craft, a veritable artificial planetoid: the antiseptic bay in which our own ship now sits, for example, is no less than a cubic kilometer in volume; the antechamber in which the captain and I received the Sreen edict is small by comparison, but only by comparison. Before us is a great door of dully gleaming gray metal, five or six meters high, approximately four wide. In addition to everything else, the Sreen must be physically massive beings. My head is full of unpleasant visions of superintelligent dinosaurs, and I do not want the captain to antagonize such

creatures..I grinned. "I, somewhat naturally, am a connoisseur of buildings, and I promise you, Miss Gail, that nowhere else will you find such a free exercise of idiosyncrasies in home design." "You've got to name it after me," he said as they hurried back to the garden. A haven to which the people can flee should a second phenomenal ram-fall again cause the Twin Rivers to overflow their banks to such an extent that the entire Plain becomes inundated. Living on that Plain, the members of Local 209 stand to benefit from the Project as much as the rest of the people. For them to have, in effect, sabotaged such a noble undertaking is, frankly, beyond my comprehension, unless their motive for doing so can be partially attributed to their unwitting acceptance of the popular interpretation of the Project's purpose.. "But what about the food? Surely it's too much to expect for these Martians to eat the same things we do. Wouldn't you think so?". "What is this?" asked Hidalgo as they stepped inside.
