"-and whenever the good Pharaoh was here in San Francisco, a few times each year, he always stopped by St. Anselmo's to entertain the boys-". Soon paramedics followed the police, who spread out through the apartment, and Junior relinquished his grip on the dishtowel..In the closet, a limited wardrobe did not fully occupy available rod space. On the floor, shoes were neatly arranged toe-to-heel..Licky took him down into the mines to show him the gangues, the kinds of earth the ore was likely to occur in. A few miners were working at the end of a long level..After Agnes read the final words on the final page, Barty was drunk on speculation, chattering about what-might-have-happened-next to these characters that had become his friends. He talked nonstop while changing into his pajamas, while peeing, while brushing his teeth, and Agnes wondered how she would wind him down to sleep..Dragonfly.He stood at a window, staring down into the street, his profile to her, and in his silence he searched for the words to describe the "something extraordinary" that he had mentioned earlier.."You'll catch pneumonia," she warned, reaching across the boy to flip the passenger's-side vent toward him..Before he could replay the memory for further contemplation, Junior saw Ichabod exiting the house. The man returned to the Buick, seeming to float through the mist, like a phantom on a moor. He started the engine, quickly hung a U-turn in the street, and drove uphill to the house from which he had earlier collected Bartholomew..The social worker's office once more. Rain tapping lightly at the window where Dr. Lipscomb had stared intently into the fog as he tried to avoid confronting the life-changing revelation that Phimie, speaking with the special knowledge of the once-dead, had shown him..Even though he now knew what a hateful person the nurse was, he remained strongly attracted to her. He was not the kind of man, however, who would take advantage of an unconscious woman..To the alleyway again. Not through the clodhopper-cluttered gallery this time. Around the block at a brisk walk..With his empty sockets draped by unsupported lids, Barty rode home wearing

padding eye patches under sunglasses, his cane propped against the seat at his side, as though he were costumed for a role in a play filled with a Dickensian amount of childhood suffering. With a tenderness that surprises and moves Celestina, the tall nurse closes the dead girl's eyes. She opens a fresh, clean sheet and places it over the body, from the feet up, covering the precious face last of all. The young man raised his voice to be heard above the gobbling of the art turkeys. "No, sir. He just asked where the men's room was." Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt. His attention, as morbid as a circling vulture, settled upon the pianist's right hand. The left was open, palm down. But the right was crumpled shut, palm up. She curled up in the armchair, watching Barty. She was greedy for the sight of him. She thought she would not doze off, but would spend the night watching over him, yet exhaustion defeated her. In the Dark Time. "Agnes," said the magician, "you better start meeting with that librarian now to record your own life. If you don't get started for another forty years, by then you'll need a whole decade of talking to get it all down." It wasn't as if this was Junior's first encounter with a dead body. In the past few years, he'd become as comfortable with the deceased as any mortician might be. They were as unremarkable to him as cupcakes were to a baker. "If I ever have trots, you'll know." And then in the Cheese voice: "CAN WE LISTEN TO THE BOOK TALK IN YOUR ROOM?" Even the Shantung-softened lamplight blazed too bright and did not serve her well, so she switched it off and said, "Scoot over." Nevertheless, with Gein in mind, how easy it was to imagine that a monstrous evil lurked nearby. Watching. Scheming. Driven by an unspeakable hunger. In a century torn by two world wars, marked by the boot heels of men like Hider and Stalin, the monsters were no longer supernatural, but human, and their humanity made them scarier than vampires and hell born fiends. because even to cry in pain will invite more vicious discipline than the pummeling he's already endured. His father. He was no longer in his scrubs, but wore gray wool slacks and a blue cashmere sweater over a white shirt. Face somber, he looked less like an obstetrician engaged in the business of life than like a professor of philosophy forever pondering the inevitability of death. Junior hadn't paid attention to everyone who visited the pianist though surely he'd have noticed a certain stump in a cheap suit. She protested that her ruined body had neither any comforts to offer a man nor the strength to be a bride. Lined up on the kitchen table were green-grape-and-apple pies. The thick domed crusts, with their deeply fluted edges, were the coppery gold of precious coins. They wanted to go up to Barty's room, but she refused them, because there was nothing more they could do for the boy than they had done for her. "He wants to finish reading Starman Jones, and I'm not letting anything interfere with that. We're leaving for Newport Beach at seven in the morning, and you can see him then." The corroded casement-operating mechanism began to give way, as did the hinges, and the window sagged outward. "Yes," she assured him, though her gaze had dropped from his mouth to his hand, so small, which she held in hers. "With this money, you won't have to cut back on the number of pies you give away--and all of that." He warily surveyed those around him as he walked, and looked over his shoulder from time to time. On one of these backward glances, he was unnerved but not surprised to see Vanadium's specter. Sklent proved to be angry, suspicious, volatile, but also a man of tremendous intellectual power. A profound and dazzling conversationalist, he rattled off breathtaking insights into the human condition, astonishing yet unarguable opinions about art, and revolutionary philosophical concepts. Later, except in the matter of ghosts, Junior would not be able to remember a single word of what Sklent had said, only that it had all been brilliant and really cool. "The pepper tree had been whispering in the breeze, the roses nodding their bright heads. Now a stillness came into the cemetery, as if rising from beneath the grass, from out of that city of the lost. She was a duplicitous bitch, too. After coming on to him, after teasing a reaction out of him, she had run off and gossiped about him as though he had instigated the seduction. Worse, to make herself feel important, she had told the police her skewed version, surely with much colorful embellishment. He went in a pretense of blindness, gripping Angel's arm, but he missed nothing, and etched every detail in his memory, against the need of them in the coming dark. You scrawl names on the walls with your own blood, play Psycho with a Sheetrock stand-in for Janet Leigh and then fly off to Reno for a weekend of blackjack, stage shows, and all-you-can-eat buffets. Not likely. Intuition told Tom Vanadium that the removal of the paintings was significant, but he wasn't a talented enough Sherlock to leap immediately to the meaning of their absence. KATHLEEN IN THE candlelight, her ginger eyes a glimmer with images of the amber flame. Icy martinis, extra olives in a shallow white dish. Beyond the tableside window, the legendary bay glimmered, too, darker and colder than Kathleen's eyes, and not a fraction as deep. They sat in silence, and the moment held such an extraordinary quality of expectation that Kathleen would not have been surprised if the vanished quarter had suddenly appeared in midair and dropped, winking brightly, to the center of Nolly's desk, there to spin with perpetual motion, until Vanadium chose to pluck it up. His wife, Dorothea, adored him, not least of all because he had taken in her eighty-year-old mother and treated that elderly lady as though she were both a duchess and a saint. He was equally generous to the poor, burying their dead at cost but with utmost dignity. His eyes were strangely radiant, as she had never seen them before, as if the shining angel who would guide him elsewhere had already entered his body and was with him to begin the journey. MONDAY MORNING, January 17, Agnes's lawyer, Vinnie Lincoln, came to the house with Joey's will and other papers requiring attention. "Well, it still is to me. But what I've been wondering ... when you talk about all the ways things are ... is there someplace where you don't have this problem with your eyes?" He had never expressed opposition to starting a family. She'd had no reason to fear telling him that she was carrying their child. Startled, Junior sat up straight, clutching the silencer-fitted pistol, but the cruiser didn't abruptly brake and pull to the curb in front of the Mercedes, as he expected. He turned over the two most recent discards. Neither was a jack of spades, and both were what he expected them to be. The Rolex. Because most of the trash in the huge bin was bagged, finding the watch would be easier than Junior had feared. After too many years investigating homicides, after too much experience of human evil, perhaps he had grown both misanthropic and paranoid. He intended to mash the sole of Victoria's right shoe in the pat of butter and leave a long smear on the floor, as though she slipped on it and fell toward the ovens. "It was in your heart, too, and anything that's in your heart is there for anyone to see. Will your father marry us?" Tom stared at the girl's drawing--quite a good one for a child her age, rough in style, but with convincing detail--and if skin could be said to crawl, his must have moved all the way around his body two or three times before settling down again where it belonged. "Are these ... ?". After an interminable silence, the detective said, "Do you know what believe about life, Enoch?" He was a man with a plan, focused, committed, ready to act and then think, as soon as he was able to act. A spasm of pain weakened his hand. Cartridges slipped through his fingers, fell to the floor. Junior levered up, scrambled up, vaulted over, and crashed into the deep bin, with every intention of landing on his feet. But he overshot, slammed his shoulder into the back wall of the container, fell to his knees, and sprawled facedown in the trash. around a long time yet, but women outlive men by several years. Actuarial tables aren't wrong. "She's got preeclampsia. It's a

condition that occurs in about five percent of pregnancies, virtually always after the twenty-fourth week, and usually it can be treated successfully. But I'm not going to sugarcoat this, Celestina. In her case, it's more serious. She hasn't been seeing a doctor, no prenatal care, and here she is in the middle of her thirtyeighth week, about ten days from delivery."The walls were barren. The only art in these rooms was a single sculpture. Junior was taking university extension courses in art appreciation and almost daily haunting the city's countless galleries, constantly deepening and refining his knowledge. He intended to refrain from acquiring a collection until he was as expert on the subject as any director of any museum in the city..She looked down at her clenched hands. Made for work, these hands, and always ready to take on any task. Strong, nimble, reliable hands, but useless to her now, unable to perform the one miracle she needed. "Barty's birthday is in eight days. I was hoping. . .". "Everybody needs cheese," Angel said, which apparently meant that Mrs. Orwall would never lack work. "Mommy, you're wrong..self-controlled as he would need to be in any interrogation conducted by this brush-cut, thick-necked toad..In the six weeks since conception, she must have missed at least one menstrual period. She hadn't complained of morning sickness, but surely she'd experienced it. It was highly unlikely that she'd been unaware of her condition..Slowly rotating his raised hands before his eyes, as if he saw them young and supple-fingered, the magician described the amazing manipulations that a master card mechanic could perform. Though he spoke without flash or filigree, he made these feats of skill sound more sorcerous than hares from hats, doves from scarves, and blondes bisected by buzz saws..She switched off the hall light and stood at the half-open door, listening, waiting.. "A ship without an anchor can never be at rest," he answered. "It's at the mercy of the sea." Maria said nothing, working busily, but Agnes recognized that special silence in which difficult words were sought and laboriously stitched together..The forger's crossed eyes glowed with reflected light from the screen. He licked his rubbery lips, and his prominent Adam's apple bobbed: "Like to drain my pipes in that Faye Dunaway, huh?". "Most tornadoes stay on the ground twenty miles or less," Edom explained, "but this one kept its funnel to the earth for two hundred nineteen miles! And it was one mile wide. Everything in its path--torn, smashed to bits. Houses, factories, churches, schools--all pulverized. Murphysboro, Illinois, was wiped off the map, erased, hundreds killed in that one town." This device, which could automatically pick any lock with just a few pulls of its trigger, was sold strictly to police departments, and its distribution was tightly controlled. On the black market it commanded such a high price that Junior could have bought the better part of a small Sklent painting for the same bucks..If the wife killer had cut himself accidentally, his writing on the wall indicated a hair-trigger temper and a deep reservoir of long-nurtured anger..Toward the front of the house, along a hallway suddenly as dark as a tunnel, toward a vague light in the seething gloom. And here a window at the end of the hall..--and the under girding of the observation platform itself is unstable. The whole thing could have fallen down with us on it!". "My little girl," she said, and belatedly she realized that this might not be a policeman, after all, but someone trying to determine if she and Angel were alone in the apartment..Junior Cain was committed to continuous self-improvement. He believed in the need constantly to expand his knowledge and horizons order to better understand himself and the world. The quality of life was solely the responsibility of oneself he author of How to Have a Healthier Life through Autohypnosis was Dr. Caesar Zedd, a renowned psychologist and best-selling author of a dozen self-help texts, all of which Junior owned in addition to the literature that he had acquired from the book club. When he had been only fourteen, he'd begun buying Dr. Zedd's titles in paperback, and by the time he was eighteen, when he could afford to do so, he'd replaced the paperbacks with hardcovers and thereafter bought all the doctor's new books in the higher-priced editions. The collected works."Oh, yes, I recall it now. Polar bears eating tourists in Union Square, wolf packs prowling the Heights."--and wherever he went, between his shows, he always gave free performances at nursing homes, schools for the deaf-. Barty, at the head of the table, sensed Mary's approach only as she was about to touch him. She put a hand on his arm and said, "Daddy, will you turn your chair away from the table and let me sit on your lap?". Never before had she put faith in any form of prognostication. In the whispery falling of those twelve cards, however, she heard the faint voice of truth, not quite a coherent truth, not as clear a message as she might have wished, but a murmur that she couldn't ignore..Barty looked at Angel, and Angel looked at Barty, and they dropped to their knees on the grass before their daughter. They were both grinning ... and then their grins stiffened a little..Agnes held a smile as best she could, determined that her son's final glimpse of her face would not leave him with a memory of her despair..sky grew sullen in the early twilight, and the city once more arrayed itself in the red gesso and gold leaf that had indirectly illuminated Celestina's apartment ceiling the previous night..Junior was stunned that the bitch had come back into his life, to ruin him, almost two years later. Zedd teaches that the present is just an instant between past and future, which really leaves us with only two choices--to live either in the past or the future; the past, being over and done with, has no consequences unless we insist on empowering it by not living entirely in the future. Junior strove always to live in the future, and he believed that he was successful in this striving, but obviously he hadn't yet learned to apply Zedd's wisdom to fullest effect, because the past kept getting at him. He fervently wished he hadn't simply broken up with Tammy Bean, but that he had strangled her instead, that he had strangled her and driven her corpse to Oregon and pushed her off a fire tower and bashed her with a pewter candlestick and sent her to the bottom of Quarry Lake with the gold Rolex stuffed in her mouth.. "It's what?" asked the detective, for with the exception of his teeth, he was not a self-improved individual..Sapphires and emeralds, dazzling gems set in clearest white, ebony pupils at the center. Beautiful mysteries, these eyes, but no different now than they had ever been, as far as she could tell.. "Take care he doesn't turn your belt on you with a spell!" said his uncle..Before Junior had become a physical therapist, he had considered studying to be a dentist. A low tolerance for the stench of halitosis born of gum disease had decided him against dentistry, but he still could appreciate a set of teeth as exceptional as these.. "Two weeks to go. I'm not going to miss that. I've cleared all appointments off my calendar." Chase after her on foot. Shoot her in the car. Maybe. He'd have five rounds left if he used one on the man, four on Bartholomew.. "It's not a specific brand you can't have, it's the whole idea of a candy bar." Eventually, when he had gone through the entire directory, if he'd had no success, he would phone each red-checked listing and ask for Bartholomew. A few hundred calls, no doubt. Some would involve long-distance charges, but he could afford the toll.. "Then you have a big advantage, and you'll have to tell us all about yourselves," Agnes said. "I'll get the coffee brewing ... unless you'd like to help." "There's a valuable lesson in that," Agnes said. "Others can learn from it if you care to share. But if you want to record your life only up to the card cheating, that's okay, too. Even that far, it's a fascinating journey, a story that shouldn't be lost with you when you pass on. Libraries are packed with biographies of movie stars and politicians' most of them not capable of as much meaningful self-analysis as you'd get from a toad. We don't need to know more about celebrities' lives, Obadiah. What might help us, what might even save us, is knowing more about the lives of real people who've never made it even medium but who know

where they came from and why."
