Roke, he had worn shoes. But he had come back home to Gont, to Re Albi, with his wizard's staff. In the lore-book from Way, which he brought with him in a

spell-sealed box whenever he traveled, were passages concerning the true refiner's fire. Having long studied these, Gelluk knew that once he had enough of the pure metal, the next stage was to refine it yet further into the Body of the Moon. He had understood the disguised language of the book to mean that in order to purify pure quicksilver, the fire must be built not of mere wood but of human corpses. Rereading and pondering the words this night in his room in the barracks, he discerned another possible meaning in them. There was always another meaning in the words of this lore. As if I'd left something unfinished. But it is your name. If it betrays you, then that's the truth of it." Rose hesitated and then spoke less angrily, more coldly: 'If you want the power to betray me, Irian, I'll give you that. My name is Etaudis." .They needed no persuasion. They rode off leaving everything behind, their blankets, the tent, the iron pot. "How do we get all that back to the village?" he asked the hinny.
