Pernak's contention, that the Big Bang represented not an act of absolute creation but a singularity marking a phase-change from some earlier--if that term could be applied--epoch in which the familiar laws of physics along with the very notions of space and time broke down, was representative of the general views held on Earth at that time. Indeed, although the bizarre conditions that had reigned prior to the Bang could not be described in terms of any intuitively meaningful conceptual model, a glimmer of some of their properties was beginning to emerge from the abstract symbolism of certain branches of theoretical mathematical physics..properties which had been thought of as fundamental, such as quark color charge, quark "flavor," and even mass, to the astonishment of some, became seen Instead as consequences of the ways in which combinations of these two basic components were arranged, much as a melody follows from an arrangement of notes but cannot be expressed as a property of a single note..Fallows stood awkwardly and began moving toward the door. When he was halfway there he stopped, hesitated, then turned round again. "Sir, there's just one thing I'd like--". "You provide rationality?" Micky rinsed the last of the dishes.
