Celestina intended to capture Nella as she was now, head at rest upon the pillow of, perhaps, her deathbed, eyes closed and mouth slack, face ashen but serene. Then she would draw four more portraits, using bone structure and other physiological evidence to imagine how the woman had looked at sixty, forty, twenty, and ten..She closed her eyes, and he thought that she was gone, but then she opened them again. "There is one place beyond all the ways things are." "Well, you see, that's the funny thing about all the important choices we make. If we make a really big wrong choice, if we do the really awful wrong thing, we're given another chance to continue on the right path. So the very moment I stupidly stepped off the curb without looking, I created another world where I did look both ways and saw the rhinoceros coming. And so-".The sleeves of the pajama top were pushed up, revealing more of the disease's vicious work. The muscles of her useless left arm had atrophied; the once graceful hand curled in upon itself, as though holding an invisible object, perhaps the hope she never abandoned..Glorying in the cloudless day and the warmer than usual weather, he drove seventy miles north, through phalanxes of evergreens that marched down the steep hills to the scenic coast. All the way, he monitored the traffic in his rearview mirror. No one followed him..Of firm but pliable rubber, custom-formed to his disfigured foot, a shoe insert filled the void left by his missing toe. This simple aid ensured that virtually all footwear was comfortable, and by November, Junior walked with no discernible limp..Eventually, when he had gone through the entire directory, if he'd had no success, he would phone each red-checked listing and ask for Bartholomew. A few hundred calls, no doubt. Some would involve long-distance charges, but he could afford the toll..Outside, he realized he hadn't paid for his juice and waffles. When he turned back to the coffee shop, he saw, through one of the windows, an associate of Salk's picking up the check from his table..Ichabod passed Bartholomew through the open door to Celestina in the passenger's seat, went around the Buick, put the tote bag in the back, and climbed behind the wheel once more..When she turned to him again, he had already slipped into his jacket and snatched the car keys off the foyer table. He put his left hand under her right arm, as though Agnes were feeble and in need of sup-.The two bereaved women huddled at one end of the living room, tearful, touching, talking quietly, wondering together if there was any way that each could help the other to fill this sudden, deep, and terrible hole in their lives..Junior's heart knocked so hard and fast that he wouldn't have been surprised if Vanadium, at the far end of the room, had begun to tap his foot in time with it..This wasn't art. This was pandering, mere illustration, more suitable for painting on velvet than on canvas..He spat on his right thumb, scrubbed the thumb against one of the dried drips on the floor, rubbed thumb and forefinger together, and brought the freshened spoor to his nose. He smelled blood..Certain disbelief insulated her against immediate surprise. She shook her head. "That's not possible."..He wasn't required to torture himself in search of pleasant conversation with those they visited. Agnes had virtually invented pleasant conversation..As a young man, he had performed first in nightclubs catering to Negroes and in theaters like Harlem's Apollo. During World War II, he'd been part of a USO troupe entertaining soldiers throughout the Pacific, later in North Africa, and following D-Day, in Europe..In the bedroom, as he opened a suitcase on the bed, he saw the quarter. Shiny. Heads-up. On the nightstand..Junior didn't want an apology. The offer of a free lunch-or an entire week of lunches-didn't charm a smile from him. He had no interest in taking home a free apple pie..Deciduous black oaks lined the street. All were leafless at this time of year, gnarled limbs clawing at the moon..Thus began the first day of the last weekend of their old lives. Maria visited on Saturday, sitting in the kitchen, embroidering the collar and cuffs of a blouse, while Agnes baked pies.."The one I'm about to start is Dr Jekyll and Mr. Hyde, which is maybe pretty scary."..Meanwhile, as attorneys met on Tuesday afternoon, Junior, having taken leave from work, phoned a locksmith to change the locks at his house. As a cop, Vanadium might have access to a lock-release gun that..The traffic light turned green. Now onward home. Rolex recovered and bright upon his wrist, Junior Cain drove his Mercedes with a restraint that required more self-control than he had realized he could tap, even with the guidance of Zedd..The man's voice echoed hollowly in Junior's ears, as if coming from the far end of a tunnel. Or from the terminus of a death-row hallway, on the long walk between the last meal and the execution chamber..Celestina jammed the shaft of the crank into the casing socket. Wouldn't fit. Her hands were shaking. Steel fins on the shaft of the crank had to be lined up just-so with slots in the socket. She fumbled, fumbled..When the subject shifted to card tricks and fortune-telling, Maria admitted to practicing divination with standard playing cards..Because they were smaller than men and could move more easily in narrow places, or because they were at home with the earth, or most likely because it was the custom, women had always worked the mines of Earthsea. These miners were free women, not slaves like the workers in the roaster tower. Gelluk had made him foreman over the miners, Licky said, but he did no work in the mine; the miners forbade it, earnestly

believing it was the worst of bad luck for a man to pick up a shovel or shore a timber. "Suits me," Licky said. She bit her lower lip, held her breath, repressed the sob that sought release, and said, "I know." Recuperating, he had plenty of time to practice meditation. He became so proficient at focusing on the imaginary bowling pin that he could make himself oblivious of all else. A stridently ringing phone wouldn't penetrate his trance. Even Bob Chicane, Junior's instructor, who knew all the tricks, could not make his voice heard when Junior was at one with the pin. The mound of earth beside the grave had been disguised by piles of flowers and cut ferns. The suspended casket was skirted with black material to conceal the yawning grave beneath it. Agnes's chilled bones. Pushing a tangle of wet hair away from her face, she realized that her hands were shaking. Junior hadn't suffered a paranormal experience since the early-morning hours of October 18, when he'd drifted up from a vile dream of worms and beetles to hear the ghostly singer's faint a cappella serenade. Shouting at her to shut up, he had awakened neighbors. The hardest was being in this room at the very moment when Phimie had moved on. Celestina knew beyond doubt that this was the worst thing she would have to endure in all her life, worse than her own death when it came. "It was. But maybe that's not the whole story. Anyway, we know the usual poses these guys strike, the attitudes they think are deceptive and clever. Most of them are so obvious, they might as well just stick their willy in a light socket and save us a lot of trouble. This, however, is a new approach. Tends to make you want to believe in the poor guy." Even above the piston-knock of her heart and the bellows-wheeze of her breath, Celestina heard wood crack, a small pane of glass explode, and metal torque with a squeal. The creep was going to get away. The police. The stupid police. Ringing the bell when they knew he'd been shot. Ringing the damn doorbell when he lay here helpless, the Industrial Woman lurching toward him, his toe on the other side of the kitchen, ringing the doorbell when he was losing enough blood to give transfusions to an entire ward of wounded hemophiliacs. The stupid bastards were probably expecting him to serve tea and a plate of butter cookies, little paper doilies between each cup and saucer. and half rotten. She tore it. With the small scissors, she opened the shoulder seam from the inside. As he raced into the future, the past caught up with him in the form of intestinal spasms, and by the time that he had driven only three miles, whimpering like a sick dog, he made an emergency stop at a service station to use the rest room. Reverend White's polished, somewhat theatrical, yet sincere voice rose out of the past to issue this threat in Junior's memory as he had issued it that night, from a tape recorder, while Junior had been dancing a sweaty horizontal boogie with Seraphim in her parsonage bedroom. The previously flat, monotonous voice had in it now a subtle but undeniable new roundness of tone: "And every human being, every living thing, is a string on that instrument." With all twelve fragments destroyed, the curse should have been lifted from little Bartholomew: the threat of the unknown, violent enemy who was represented by the four knaves. Somewhere in the world, an evil man existed who would one day have killed Barty, but now his journey through life would take him elsewhere. Eleven saints had been given twelve shares of responsibility for lifting this curse. No more than a minute after Vanadium departed, a nurse arrived in a rush, no doubt sent by the hateful cop. Hard to tell, through all the tears, if she was a looker. A nice face, perhaps. But such a stick-thin body. He knew the sermon, of course. The example of Bartholomew. The theme of chain-reaction in human lives. The observation that a small kindness can inspire greater and ever-greater kindnesses of which we never learn, in lives distant both in time and space. "You should've seen this, Kathleen. He's dodging people on the sidewalk, shoving them out of his way when he can't dodge them. Three long blocks, Jimmy and I watched the creep, till he turned the corner, three long blocks all uphill, and it's a hill that would kill an Olympic athlete, but he doesn't slow down once." His words echoed back to her from July: My cold's just here, not every place I am. If the directory proved to be of no help, Junior would proceed next to the registry office at the county courthouse, to review the records of births going back to the turn of the century if necessary. Bartholomew, of course, might not have been born in the county, might have moved here as a child or an adult. If he owned property, he'd show up on the register of deeds. Whether a landowner or not, if he did his civic duty every two years, he would appear on the voter rolls. Then quickly from Spruce Hills to Eugene by car, from Eugene to Orange County Airport by a chartered aircraft, from Orange County to Bright Beach in a stolen '68 Oldsmobile 4-4-2 Hurst, while the advantage of surprise remained with him. Carrying a newly acquired, silencer-fitted 9-mm pistol, spare magazines of ammunition, three sharp knives, a police lock-release gun, and one piece of steaming luggage, Junior had arrived late the previous evening. Turning away from the window, Celestina grabbed the girl and pushed her toward the bed, whispering, "Down, under." As though one of the quarters had dropped into his ear and triggered a golden oldie in the jukebox of his mind, Junior heard Vanadium's voice in the hospital room, in Spruce Hills, on the night of the day when Naomi died: "en you cut Naomi's string, you put an end to the effects that her music would have on the lives of others and on the shape of the future. .... Her hands were slender, long-fingered, graceful. The hands of an artist. They were not powerful hands. Sparky Vox-with less training in theology and philosophy than his guest, but with a spiritual insight that any overeducated Jesuit would have to admire, even if grudgingly-had settled Vanadium's uneasy conscience. "The problem with movies and books is they make evil look glamorous, exciting, when it's no such thing. It's boring and it's depressing and it's stupid. Criminals are all after cheap thrills and easy money, and when they get them, all they want is more of the same, over and over. They're shallow, empty, boring people who couldn't give you five minutes of interesting conversation if you had the piss-poor luck to be at a party full of them. Maybe some can be monkey-clever some of the time, but they aren't hardly ever smart. God must surely want us to laugh at these fools, because if we don't laugh at 'em, then one way or another, we give 'em respect. If you don't mock a bastard like Cain, if you fear him too much or even if you just look at him in an all-solemn sort of way, then you're paying him more respect than I ever intend to. Another glass of wine?" With his ringleted yellow hair, coiled mustache, and haughty right file, this was a jack that looked as if he might be a knave in the worst sense of the word. Beside her, the passenger's door barked and shrieked as though alive as though suffering, and these sounds were uncannily like the cries of torment that only Agnes could hear in the haunted chambers of her heart. She kicked off her shoes and sat beside him in bed, with her back against the headboard, still holding his hand. Even though this darkness wasn't as deep as Barty's, Agnes found that she was better able to control her emotions when she couldn't see him. "I think you must be sad, kiddo. You hide it well, but you must be."
