All magic practiced by women was called "base craft," even when it included practices otherwise called "high arts," such as healing, chanting, changing, etc. Witches were to learn only from one another or from sorcerers. They were forbidden to enter Roke School, and Halkel discouraged wizards from teaching women anything at all. He specifically forbade the teaching of any word of the True Speech to women, and though this proscription was widely ignored, it led in the long run to a profound, long-lasting loss of knowledge and power among the women who practiced magic."Why didn't you come to me first?" Dulse had demanded. "And then Roke, to put a polish on it?".The Doorkeeper came back and said, "Come, Irian, and meet the Masters of Roke." Most people lack it entirely. In a few people, perhaps one in a hundred, it is a latent, cultivable talent. In a very few people it is manifest without training..Under Roke's steadily growing influence, wizardry was shaped into a coherent body of knowledge, its use increasingly controlled by moral and political purpose. Wizards trained at the school went to other islands of the Archipelago to work against warlords, pirates, and feuding nobles, preventing raids and forays, imposing penalties and settlements, enforcing boundaries, and protecting individuals, farms, towns, cities, and shipping, until social order was re-established. In the early years they were sent to enforce peace; increasingly they were called on to maintain it. While the throne in Havnor remained empty, for over two hundred years Roke School served effectively as the central government of the Archipelago..Banners still flew from the towers of the City of Havnor, and a king still ruled there; the banners were those of captured towns and isles, and the king was the warlord Losen. Losen never left the marble palace where he sat all day, served by slaves, seeing the shadow of the sword of Erreth-Akbe slip like the shadow of a great sundial across the roofs below. He gave orders, and the slaves said, "It is done, your majesty." He held audiences, and old men came and said, "We obey, your majesty." He summoned his wizards, and the mage Early came, bowing low. "Make me walk!" Losen shouted, beating his paralyzed legs with his weak hands..That was unusual, though perhaps not so unusual among the wealthy as among common folk. He spent his days riding about the countryside on the pretty black mare that his employer had given him for his use when he made it clear that he had not come from Roke to trudge about on foot in the mud and dust of country byways.."I was single. They picked unmarried ones. That is -- volunteers."."There was no place for him among the Masters, since a new Master Summoner had been chosen, a strong man in his prime, not likely to retire or die. Among the scholars and other teachers he had a place of honor, but he wasn't one of the Nine. He'd been passed over. Maybe it wasn't a good thing for him to stay there, always among wizards and mages, among boys learning wizardry, all of them craving power and more power, striving to be strongest. At any rate, as the years went on he became more and more aloof, pursuing his studies in his tower cell apart from others, teaching few students, speaking little. The Summoner would send gifted students to him, but many of the boys there scarcely knew of him. In this isolation he began to practice certain arts that are not well to practice and lead to no good thing..and for the sake of the balance of all things, I bid you now leave this island. The girl leaned up against the ewe, and the ewe leaned against the girl, giving and receiving comfort. Rose extracted, dropped, and spat on the last maggot, and said, "Just hand me that bucket now." She bathed the sore with salt water. The ewe sighed deeply and suddenly walked out of the yard, heading for home. She had had enough of medicine. "Bucky!" Rose shouted.
