An authoritative note came into Parkhurst's voice, that emperor-of- tone that probably was taught in a special medical-school course on intimidation, though he was striking this attitude a little too late to be entirely effective. "My patient is in a fragile state. He mustn't be agitated, Detective. I really don't

want you questioning him until tomorrow at the earliest." He stepped to the front door, which was framed by curtained side lights. He drew one of the curtains aside and peered out. Scamp had fabulous legs, and her bralessness left no doubts about the lusciousness and authenticity of her chest, but after an hour of conversation about something or other, before suggesting that they leave together, Junior maneuvered her into a reasonably private corner and discreetly put a hand up her skirt, just to confirm that his gender suspicions were correct. When Victoria failed to answer the door, this man would not simply go away. He had been invited. He was expected. Lights were on in the house. The lack of a response to his knock would be taken as a sign that something was amiss. Even on good days, when he wasn't hassled by the spirits of dead cops and wasn't prepping himself to commit murder, Junior sometimes grew uncomfortable in these bustling crowds. This afternoon, he felt especially claustrophobic as he shouldered through the throng-and admittedly paranoid, too. With some sharp instrument, probably a knife, Cain had stabbed and gouged the red letters, working on the wall with such fury that two of the Bartholomews were barely readable anymore. The Sheetrock was marked by hundreds of scores and punctures. Leaning across the front seat, he lowered the passenger's window six inches. Then he lowered the driver's-side window an equal distance. With no job to return to, he dawdled over lunch. He was actually tumescent with a growing sense of freedom that was as thrilling as sex. slow breaths, and then she pointed at the windshield. "The hospital's that way." At the sight of her photograph, she felt herself flush. She hoped none of the pedestrians passing between her and the gallery would look from the photo to her face and recognize her. What had she been. Oregon State Police might find at least one reason to be suspicious of the tragic scenario that he was creating. He didn't know much about the technology that police might employ at a crime scene, and he knew even less about forensic pathology. He was just doing the best job he could. As he'd been instructed, Vanadium felt along the return edge of the carved limestone casing to the right of the window until he located a quarter-inch-diameter steel pin that protruded an inch. The pin was grooved to facilitate a grip. An insistent, steady pull was required, but as promised, the thumb-turn latch on the inside disengaged. He would have done it, too, and risked establishing a pattern that police might notice; but the still, small voice of Zedd guided him now, as so often before, and counseled calm, counseled focus. He kept a few paperbacks of Caesar Zedd's work in the bathroom, so that time spent on the john wouldn't be wasted. Some of his deepest insights into the human condition and his best ideas for self-improvement had come in this place, where Zedd's luminous words seemed to shine a brighter light into his mind upon rereading. It wasn't as if this was Junior's first encounter with a dead body. In the past few years, he'd become as comfortable with the deceased as any mortician might be. They were as unremarkable to him as cupcakes were to a baker. Celestina hardly knew Paul, and although he'd saved her mother's life, his offer raised a look of doubt from her. She bit her lower lip, held her breath, repressed the sob that sought release, and said, "I know." More likely than not, he would cross Bartholomew's path when he least expected, not as a consequence of his searching, but in the normal course of a lay. If that happened, he must be prepared to eliminate the threat immediately, by any means available to him. He was a pretty good detective, but as regarded the minutiae of daily life, he wasn't as organized as he would like to be. He never remembered to set aside his holey socks for darning; and once he had worn a hat with a bullet hole in it for nearly a year before he'd at last thought to buy a new one. "If you're a dowser, better dowse," said Licky, coming up alongside him and looking sidelong into his face. "And if you're not, you'd better dowse all the same. That way you'll stay above ground longer." "Getting her into her shoes and coat sooner than Monday required a bribe," Wally said. Already, the girl had taken Barty's hand. The two kids descended from the porch into the rain. They didn't circle the oak, but stopped at the foot of the steps and turned to face the house. "I'll never forget it," Dr. Salk promised. With his attention still on Perri's pictures, he said, "But I'm afraid you give me far too much credit. I'm no superman. I didn't do the work alone. So many dedicated people were involved." Agnes invited everyone to stay for dinner. The pies were no sooner finished than large cook pots, saucepans, colanders, and other heavy artillery were requisitioned from the Lampion culinary arsenal. Barty had never been instructed in the rules of grammar, but had absorbed them as the roots of Edom's roses absorbed nutrients. "Sure. Does and is." Earlier, before leaving home, he had taken a preventive dose of paregoric. For now, at least, his bowels were quiet. Cradling the baby, the nun turned with it to Celestina, folding back a thin blanket to present her with a good look at the tiny girl. "And in some of them, maybe I died the night you were born, and you live alone with your dad." Between Isleton and Locke, Junior first became aware of several points of soreness on his face. He could feel no swelling, no cuts or scrapes, and the rearview mirror revealed only the fine features that had caused more women's hearts to race than all the amphetamines ever manufactured. "I can't." She looked around the room. "He's invisible like the Cheshire cat?" "His whole world is as real as ours, but we can't see it, and people in his world can't see us. There're millions and millions of worlds all here in the same place and invisible to one another, where we keep getting chance after chance to live a good life and do the right thing." "No, that's not necessary," Junior said, trying to sound casual. "Considering what you told me, I'm sure whoever's bothering me here can't be Vanadium. I mean, him being on the run, with plenty of his own troubles, the last thing he'd do is follow me here just to screw with my head a little." She kissed his cheek, and he pulled his arms out from under the covers to hug her. Such small arms, but such a fierce hug. He was unconscious, wired to a heart monitor, pierced by an intravenous-drip line. Clipped to his septum, an oxygen feed hissed faintly, and from his open mouth rose the barely audible wheeze of his breathing. By the time all the details of mortuary and cemetery services were settled, Walter Panglo had a nervous tic in his left cheek. His eyes were open wide, as if he'd been so startled that his lids froze in a position of ascension, locked by a spasm of surprise. His hands must have grown clammy; he blotted them repeatedly on his suit. WHEN A GLASS OF chilled apple juice at dawn stayed on his stomach, Junior Cain was allowed a second glass, though he was admonished. He was also given three saltines. After poring through enough sensational newspaper accounts to be convinced that the curse-casting reverend was undeniably dead, Junior had acquired four pieces of surprising information. Three were of vital importance to him. She could have gone at him with the chair once more, but it was falling apart. Instead, she abandoned furniture for the promise of a firearm, dropped to her knees, and snatched the discarded pistol magazine off the floor. In the front seat, Edom and Jacob murmured agreement with the narrator's sentiments. Monday night, Edom and Jacob booked adjoining units in a motel near the hospital. They called Barty's room to give Agnes the phone number and to report that they had inspected eighteen establishments before finding one that seemed comparatively safe. For eight nights thereafter, Agnes padded the floor with folded blankets on both sides of the boy's bed, insurance against a middle-of-the-night fall. On the eighth morning, she discovered that Barty had returned the blankets to the closet from which she'd gotten them. They were not jammed haphazardly on the shelves-the sure evidence of a child's work-but were folded and stacked as neatly as Agnes herself would have stored them. With his sister's financial backing, Edom purchased a flower shop in '71, after

ascertaining that the strip mall in which it was located had been even more soundly constructed than the earthquake code required, that it didn't stand on slide-prone land, that it did not lie in a flood plain, and that in fact its altitude above sea level ensured that it would survive all but a tidal wave of such towering enormity that nothing less than an asteroid impact in the Pacific could be the cause. In '73, he married Maria Elena (that boy-girl thing, after all), whereupon she became Agnes's sister-in-law in addition to having long been a full sister in her heart. They bought the house on the other side of the original Lampion homestead, and another fence was torn down..The silence in this city of the dead was complete. The night lay breathless, stirring not one whisper from the stationed evergreens that stood sentinel over generations of bones..Find the father, kill the son. In just nine days, Junior bedded four beautiful women: one on Christmas Eve, the next on Christmas Night, the third on New Year's Eve, and the fourth on New Year's Day. For the first time in his life-and on all four occasions-his joy in the act was less than complete.."I should," Tom agreed, "but the point is this. . ." With the finesse of a magician, he allowed the salt shaker to slip out of the concealment of his palm, and stood it beside the pepper. "This is also me..".Darkness, the one source of childhood fear that most adults never quite outgrow, held no terror for Barty. Although for a while his bedroom featured a Mickey Mouse night-light, the miniature lamp was there not to soothe the boy, but to quiet his mother's nerves, because she worried about him waking alone, in blackness..Because of her occasional bad dreams, Angel chose to sleep now and then in her mother's bed instead of in her own room, and this was one of those nights..Of course, he had the Pinchbeck and Gammoner identities waiting, two escape hatches. But he didn't want to use them. He liked his life on Russian Hill, and he was loath to leave it.."It isn't just the rotten railing," Junior said, still paging through the report, his outrage growing. "The stairs are unsafe."
